“ Rocky is an extraordinary man who showed me what true happiness is. He will forever be a huge part of my heart. I will miss his contagious laugh, that big bright smile of his, laughing in bed with him at 3 a.m. for no reason, dancing with him every morning in the kitchen and I will forever miss how he wanted me to sleep on him all the time. (He knew I couldn't ever watch a movie and finish it without falling asleep lol). We had some really great times an few hard times, as they were always short-lived.  
Until I see you again, take care my love.

They say grief is the price you pay for love when you loose someone. Grief is F'n hard. I want ya to know the lads will be ok. I'm gonna try and get back at you at the service for what ya did to me at my retirement and for all those talks and conversations tableside at your shop. Rest easy my friend. You will never be far from my heart. Slainte'

“ I've known Rocky a long time, designed his business card 3d with peppermint swirls, got my first color tattoo at his shop, later he was a customer of mine Publix Deli, American Legion post 40. This man had a great influence on this community. Prayers to all, sorry for the loss.
